

# UrbanRide Electric Bike & Scooter Series

UrbanRide presents a cutting-edge collection of electric bicycles and scooters designed for city life. With powerful yet silent motors, long-lasting batteries, and smart safety features, UrbanRide makes urban commuting effortless and eco-friendly. Each model supports app-based navigation and lock control, offering freedom and security in dense city environments. From agile folding e-bikes for mixed transport to high speed scooters for long routes, UrbanRide delivers comfort and performance. Integrated LED lights, regenerative braking, and customizable ride modes help you move swiftly and safely while reducing environmental impact.

- Fast charging lithium batteries with up to 90 km range
- Smart companion app for GPS, theft alert, and diagnostics
- Suspension tuned for urban bumps and potholes
- Removable battery for convenient indoor charging
- Eco and sport modes for balanced speed and power

# UrbanRide

UrbanRide

UrbanRide is a leading provider of electric bicycles (e-bikes) and e-scooters. The company's products are designed for urban commuting and are known for their reliability and performance. UrbanRide's e-bikes are equipped with powerful motors and long-range batteries, making them ideal for daily commutes. The company also offers a variety of e-scooters, which are popular for short-distance travel and last-mile connectivity. UrbanRide's commitment to innovation and customer satisfaction has made it a market leader in the e-mobility industry.

- UrbanRide's e-bikes are available in a range of models, including commuter bikes, cargo bikes, and folding bikes. The company's e-scooters are also available in various sizes and configurations to suit different user needs.
- GPS tracking and app integration are standard features on all UrbanRide vehicles, providing users with real-time location data and ride statistics.
- UrbanRide's products are designed to be durable and long-lasting, with a focus on high-quality materials and components.
- The company offers a comprehensive warranty and customer support program to ensure a positive user experience.
- UrbanRide is committed to sustainable manufacturing practices and reducing its carbon footprint.

## Serie de Bicicletas y Patinetes Eléctricos UrbanRide

UrbanRide ofrece una colección de bicicletas y patinetes eléctricos de última generación pensados para la vida urbana. Con motores potentes y silenciosos, baterías de larga duración y funciones de seguridad inteligentes, hacen que el desplazamiento diario sea cómodo y ecológico. Cada modelo admite navegación y bloqueo mediante aplicación, garantizando libertad y seguridad en entornos densos. Desde e bikes plegables para combinar con transporte público hasta patinetes de alta velocidad para trayectos largos, UrbanRide brinda confort y rendimiento. Las luces LED integradas, el frenado regenerativo y los modos de conducción personalizables le permiten moverse de manera ágil y segura reduciendo el impacto ambiental.

- Baterías de litio de carga rápida con hasta 90 km de autonomía
- Aplicación inteligente para GPS, alerta de robo y diagnóstico
- Suspensión diseñada para baches urbanos
- Batería extraíble para recarga en interiores
- Modos eco y sport para equilibrar velocidad y potencia

Modelo	Función clave	Colores
UrbanRide E Bike City	Marco plegable, 90 km de autonomía	Negro / Blanco / Menta
UrbanRide Scooter Swift	Alta velocidad 45 km/h, doble freno	Rojo / Negro / Plata
UrbanRide Hybrid Pro	Modo dual bici patinete	Azul / Gris / Amarillo

# Série de vélos et trottinettes électriques

## UrbanRide

UrbanRide propose une gamme de vélos et trottinettes électriques conçus pour la ville. Grâce à des moteurs puissants et silencieux, des batteries longue durée et des fonctions de sécurité intelligentes, vos déplacements quotidiens deviennent simples et écologiques. Chaque modèle permet la navigation et le verrouillage via application, offrant liberté et sécurité dans les zones urbaines denses. Des e bikes pliables pour les trajets multimodaux aux trottinettes rapides pour les longues distances, UrbanRide associe confort et performance. L'éclairage LED intégré, le freinage régénératif et les modes de conduite personnalisables garantissent des trajets rapides et sûrs tout en réduisant l'impact environnemental.

- Batteries lithium à charge rapide, autonomie jusqu'à 90 km
- Application intelligente pour GPS, alerte antivol et diagnostic
- Suspension adaptée aux irrégularités urbaines
- Batterie amovible pour recharge intérieure
- Modes éco et sport pour équilibre vitesse/puissance

Modèle	Atout principal	Couleurs
UrbanRide E Bike City	Cadre pliant, autonomie 90 km	Noir / Blanc / Menthe
UrbanRide Trottinette Swift	Vitesse 45km/h, double frein	Rouge / Noir / Argent
UrbanRide Hybrid Pro	Mode vélo trottinette	Bleu / Gris / Jaune
