

# Introducing SkyGarden

SkyGarden brings lush greenery indoors with modular vertical garden kits designed for apartments, offices, and cafés. Our hydroponic panels and automated irrigation ensure vibrant plant growth without soil mess. Smart lighting systems simulate natural daylight cycles, supporting herbs, flowers, and decorative foliage year round. The compact, scalable design makes it easy to customize living walls for any space, improving air quality and reducing noise. SkyGarden merges nature with modern interiors, offering both aesthetic and wellness benefits.

- Hydroponic growth panels requiring minimal maintenance
- Automated irrigation and nutrient dosing
- Energy-efficient LED grow lights with adjustable spectrum
- Air-purifying plants for a healthier environment
- Modular design to expand from small frames to full walls
